March 7	March 8

Things to do at Engineering Open House

Play the **Scavenger Hunt** to win great prizes like an Xbox 360, Canon Powershot Digital Camera, Apple iPods, and more.

Get a laser engraved EOH poker chip free in Everitt Lab

Watch **Jerry Sanders Design Contest** in Kenney Gym as robots battle it out for 1st place

Drive a train and **make an earthquake** in Newmark Lab

While you are at Newmark stop by Hydrosystem Lab to play in a **really really big sandbox**

See what happens when you apply a lot of weight to concrete in Talbot Lab

Watch **hourly rocket launches** across the Engineering Quad

Build a record setting object at the **Illini Challenge Tent** and win prizes

Play with really really cold Liquid Nitrogen out at **Loomis Lab** with other Physics exhibits

Then walk out to Siebel Center to see the Deathraybot and **many** computer software projects

With over 200 exhibits, you are assured to find something that will **SPARK** your **CURIOSITY!!!**
